SUMMARY

Curious educator seeking on-the-job training opportunities outside the classroom and mentorship from data analytics experts in order to transition to a data analyst position. I am particularly excited about applying my education experience to the storytelling component of data analysis while continuing to learn and grow in my analysis skills..

SKILLS

- Excel (Pivot Tables, LOOKUPS)
- SQL (PostgreSQL)
- Tableau
- Power BI
- Git/GitHub
- Python

DATA ANALYTICS EXPERIENCE

Data Analyst Apprentice

Nashville Software School | Nashville, TN | Jan 2023-Current

Intensive full-time bootcamp focusing on data analytics fundamentals and problem solving. Used real-world datasets and included projects where findings were presented to stakeholders from the community.

- Analyzed data using Microsoft Excel, including utilizing pivot tables and lookups, and connected to external data sources using the PowerPivot add-on.
- Retrieved and analyzed data using PostgreSQL.
- Source code version control with Git/GitHub
- Project management/tracking with GitHub project boards and issue tracking

Projects Include:

- [Prescribers Project](#) : Generated a full list of all pain management specialists in Nashville and the number of claims they had for each opioid using PostgreSQL.
- [Lahman Baseball](#): Utilized PostgreSQL queries and joins to assess data across a 27-table schema.
- [App Trader](#): Exported query results from App Store and Play Store tables to present the Top 10 Apps yielding the highest ROI with additional recommendations.
- [Data Analyst Job Titles](#): Query practice with aggregations and filters using Indeed job postings.
- [City Cemetery](#): Designed an event poster from cleaned and filtered burial data in Excel.
- [UN Data Project](#): Exploratory data analysis with pandas using Jupyter Notebook

PROFESSIONAL EXPERIENCE

Teacher

Maury County Public Schools | Columbia, TN | Jul 2016-Current

- Create engaging lessons that meet district and state requirements for foreign language instruction.
- Use assessment data to inform and differentiate instruction and improve student success.
- Routinely communicate with parents, administration and other stakeholders regarding student progress.
- Collaborate with English and History teachers in France to incorporate Project Based Learning in lessons.
